Description of Project and LEA's Preliminary Determination

The Victor Valley MRF & Transfer Station is located at 17000 Abbey Lane, Victorville, CA 92307.

On November 2, 2009 the LEA accepted for review, the permit application package for Victor Valley MRF & Transfer Station to revise the Transfer Processing Report (TPR) as requested in the Five-Year Permit Review Report and to reformat the document to reflect Title 14 regulations. The hours for the buy-back center will be removed from the SWFP.

The LEA finds that the proposed change is a non-material change pursuant to Title 27 §21665 and qualifies as a permit modification. The LEA's preliminary determination is that the proposed permit modification be approved.

The decision to approve or deny the SWFP modification will be made by the LEA within 120 days of the date the application was deemed complete as required by State statute, and will be submitted to the California Integrated Waste Management Board (CIWMB) for concurrence.

Where to get additional information

A copy of the modified permit application is available for public review by appointment in the LEA office located at 385 N. Arrowhead Ave. 2<sup>nd</sup> Floor, San Bernardino, CA 92415.
